

Poster & Oral Presentations Abstract Submission Form

Our sixth National Maternity Safety Conference will take place on 25th September 2025. The conference will be solutions-focussed, with senior decision makers from NHS trusts, frontline staff, service users, and campaigners uniting to help to achieve Baby Lifeline's goal: the best possible outcome for every mother, birthing person and baby.

Baby Lifeline is always keen to showcase best practice in healthcare and we are pleased to welcome poster and oral presentation abstracts again this year.

Submission guidance:

We are specifically looking to showcase quality improvement projects with outcome data.

Submissions should outline the maternity service quality improvement measure, including the following in fewer than 500 words:

- Aims & objectives: outline the "why?"
- Description of the intervention or initiative
- Impact of the project including relevant outcome data.

We may invite applicants to give an oral presentation.
